Notes:

- For the /ɛər/ sound in **pair**, **dare**, **there**, **prayer**, etc. write **ɐ**.
- *r* usually represents the *schwa* sound /ə/ (also called the reduced, weak or indeterminate vowel), but is also used to write /ʌ/ as in **ʀl** “hut”, and /ɜ:/ as in **ʀɔl** “hurt”.
- Gaelic words may require additional letters: write **ɸ** for /x/ as in **loch**, and **ɛ** for /t/ as in **llan**. **ɸ** may also be used for interjections like **ugh**, if **ʀ** wouldn’t be strong enough for the occasion.
